Dear Sir:-

As suggested by Mr. Palzer, I interviewed Henry Stryker, of 41 Jones Street, New Brunswick, N. J. Stryker is at present employed at the Cooper Hall at the Women's College.

Stryker says that he was employed by the Steven's family for about thirty-six years but left them about fifteen months before the murder. He knows all of the family and also the Mills family, but could give me no information of any value.

Respectfully yours,

David Thompson.
